Important Rules & Regulations

- All drivers must draw each day
- Series decals, available at pill draw and must be in place as illustrated prior to entering the race surface
- Drivers arriving late may be added to the group with least number of cars at discretion of officials
- AMB/My Laps (red) Transponder must be used at all times and One-Way Driver Radio (454.0000) must be used at all times
- All cars must be teched before the car can compete in any type of competition
- All order of events, tire rules, lineups, points, and provisional order will be posted at the LOLMDS Command center
- If the driver is not present at the drivers meeting for roll call, then the driver will only receive one (1) lap qualifying and the best it will be is 50% +1
- Heats will be lined straight up, (no inversion) within qualifying group
- All original starts will be side-by-side with the leader setting the pace and the front row starting the race. Restarts will be Delaware Double File except for the last five (5) laps of the Feature will be single file. Any Feature over 50 laps will go single file for the last 10 laps of the feature
- Cars out of line or jumping a start will result in a caution and being penalized one (1) row
- A yellow flag means your wheels aren't turning. If a car spins and creates a caution and you make contact and stop, you are also part of the caution. If you spin to avoid, you'll get your spot back if you spin and it creates a caution, but you keep going, you will blend back in the lineup
- In any event less than 50 laps, you will be allowed two (2) cautions. Events that are 50 laps or more, you will be allowed three (3) cautions
- We will only do a Green-White-Checkered Finish during the Feature only, if needed
- Hitting cars under caution or after a checkered will result in being parked for the balance of the event
- If you hit a car under caution and if it's a multi-day show you will be parked for the weekend
- Crew members are not allowed on the track during ANY racing action- It will result in a DQ for that race
- There will be a 10-minute horn for hot laps, qualifying, heats and LCS. For the feature the horn will blow at the 10 min, 5 min, 2 min, and 0 mark. If you are not past the cones that designates the location where you must present your car, you are LATE. It is your responsibility to be in line on time NOT OURS!! All cars will have to pass the designated staging zone before the 10 min horn sounded, if not you will go to the tail
- Procedures and penalties will be enforced as outlined in the 2023 Lucas Oil Late Model Dirt Series general rules
- All transponders must be turned in after the event – for multi-day shows they may be turned in on the final night unless told differently at the drivers meeting
- If you fail to return a transponder – you will not receive a check until it is returned. If not returned you will be charged \$500
- Payout will be after the feature or mailed with five (5) business days following the event
- **No tires to be left at the track. ALL TIRES MUST GO HOME WITH YOU**
